## President's Report

*It has been such a long time since the last newsletter which should mean that I am refreshed and ready to start 2013. I wish ☺.*

*I hope you all had the perfect Christmas and that you cheered in the new year in your preferred manner.*

*Reflecting back on our last meeting I smile at how special the evening was. Denise Jeitz has now officially joined our club with her induction at the meeting and because it was also our Christmas celebration Denise had the special honour*

*of having the Honzons present to witness her induction.*

*How wonderful it was on that night to all be together with our respective Honzons as they deserve a reward too for the behind the scenes support they lend us. Jill Murrany who is on leave of absence and her Honzon Ross also joined us for the evening and it seemed to have been enjoyed by all. Thanks also goes to my brilliant daughters, Teddie and Frances, who waited on us splendidly.*

*The weather has been unkind to us over the last month with excruciating heat and would you believe it three of us got in and worked on organizing the shed in the middle of that heat. We held our board meeting on the Sunday 20<sup>th</sup> January with the intention of shed tidy and pamper pack assembly. It seems that January is a difficult month to get our members together and the only attendees were Chris Williams and Narelle Keen. Chris and Narelle did a mighty job at stacking the shelves in neat and tidy order. We got together enough pamper packs to tide over the shelter till we can get together and work on the rest.*

*The aftermath of Cyclone Oswald has affected many of us in different ways some more than others. Our thoughts are with flood victims and those who suffered damage from the extreme weather.*

*What exciting times we have ahead in the next few months with the International Women's Day Breakfast and you will note that the Area 4 Meeting is on the Saturday and Sunday immediately post the breakfast. I encourage you all to make the effort to*

*attend. The brochure is added to this newsletter we will have to get organized quickly to work out our accommodation. Now that I have been in the club for a few years and now as president I have come to realize that attendance at these area meetings should be mandatory. I hadn't attended one till last year and found the experience more than just beneficial but also empowering. Please make every effort to get to this meeting.*

### ***International Women's Day Breakfast***

The committee has been working hard tying up all the loose ends. Karen Griffin has created the flyers and invitations which are printed and ready for distribution. Margaret Knox, Chris Williams and Jenni Zieseemer have done a taste test of the food for the breakfast at lunch time a few weeks back. The sponsorship has started to come in so we are rolling along nicely.
